Agenda

Date		Content	City
2019.12.1 Sun	1 st day	Take flight from Beijing to Seattle, Take flight from Seattle to Portland, Take bus from Portland to Corvallis.	Corvallis
2019.12.2 Mon	2 nd day	AM : Training Training content : Chemical analysis of hemp Training place: Crop science building, Oregon State University Teacher : Steve Thule Teachers' work units and positions : Pacific Agricultural Laboratories, scientists PM : Training Training content : Molecular biological analysis of hemp Training place: Crop science building, Oregon State University Teacher : Kevin Hounshell Teachers' work units and positions : Pacific Agricultural Laboratories, scientists	Corvallis
2019.12.3 Tue	3 rd day	AM : Training Training content : Application of hemp essential oil Training place: Crop science building, Oregon State University Teacher : Lloyd Nackley Teachers' work units and positions : Oregon State University, professor PM : Training Training content : Production process of hemp essential oil Training place: Crop science building, Oregon State University Teacher : Lloyd Nackley Teachers' work units and positions : Oregon State University, professor	Corvallis 

2019.12.4 Wed	4 th day	<p>AM : Training</p> <p>Training content : Comprehensive irrigation technology of hemp Training place: Crop science building, Oregon State University Teacher : Riujin Qin</p> <p>Teachers' work units and positions : Oregon State University, professor</p> <p>PM : Training</p> <p>Training content : Comprehensive fertilization technology of hemp Training place: Crop science building, Oregon State University Teacher : Scot Lukas</p> <p>Teachers' work units and positions : Oregon State University, professor</p>	Corvallis
2019.12.5 Thu	5 th day	<p>AM : Training</p> <p>Training content : Planting and harvesting of hemp for essential oil Training place: Crop science building, Oregon State University Teacher : Jay Noller</p> <p>Teachers' work units and positions : Oregon State University, professor</p> <p>PM : Training</p> <p>Training content : Post-harvest processing of hemp for essential oil Training place: Crop science building, Oregon State University Teacher : Jay Noller</p> <p>Teachers' work units and positions : Oregon State University, professor</p>	Corvallis
2019.12.6 Fri	6 th day	<p>AM : Training</p> <p>Training content : Sex determination of hemp; Induction of hermaphrodites Training place: Crop science building, Oregon State University Teacher : Sabry Elias</p> <p>Teachers' work units and positions : Oregon State University, professor</p> <p>PM : Training</p> <p>Training content : Feminization technology of hemp Training place: Crop science building, Oregon State University</p>	<p>Corvallis</p> 

		<p>Teacher : Sabry Elias</p> <p>Teachers' work units and positions : Oregon State University, professor</p>	
2019.12.7 Sat	7 th day	Rest	Corvallis
2019.12.8 Sun	8 th day	Rest	Corvallis
2019.12.9 Mon	9 th day	<p>AM : Training</p> <p>Training content : High yield breeding technology of hemp</p> <p>Training place: Crop science building, Oregon State University</p> <p>Teacher : Jay Noller</p> <p>Teachers' work units and positions : Oregon State University, professor</p> <p>PM : Training</p> <p>Training content : Breeding techniques for disease resistance of hemp</p> <p>Training place: Crop science building, Oregon State University</p> <p>Teacher : Jay Noller</p> <p>Teachers' work units and positions : Oregon State University, professor</p>	Corvallis
2019.12.10 Tue	10 th day	<p>AM : Training</p> <p>Training content : Purification technology of hemp essential oil</p> <p>Training place: Crop science building, Oregon State University</p> <p>Teacher : Jay Noller</p> <p>Teachers' work units and positions : Oregon State University, professor</p> <p>PM : Training</p> <p>Training content: Comprehensive application of medical hemp</p> <p>Training place: Crop science building, Oregon State University</p> <p>Teacher : Jay Noller</p> <p>Teachers' work units and positions : Oregon State University, professor</p>	Corvallis
2019.12.11 Wed	11 th day	<p>AM : Training</p> <p>Training content: Detection of hemp yield</p> <p>Training place: Crop science building, Oregon State University</p> <p>Teacher : Gary Macannish</p> <p>Teachers' work units and positions : Oregon State University, professor</p>	<p>Corvallis</p> 

		<p>PM : Training Training content: Quarantine Technology of Hemp Training place: Crop science building, Oregon State University Teacher : Gary Macannish Teachers' work units and positions : Oregon State University, professor</p>	
2019.12.12 Thu	12 th day	<p>AM : Training Training content: Breeding and Genomics of Hemp Training place: Crop science building, Oregon State University Teacher : Kelley Vining Teachers' work units and positions : Oregon State University, professor</p> <p>PM : Training Training content: Tissue culture of hemp Training place: Crop science building, Oregon State University Teacher : Solomon Yilma Teachers' work units and positions : Oregon State University, professor</p>	Corvallis
2019.12.13 Fri	13 th day	<p>AM : Training Training content: Seed processing of hemp Training place: Crop science building, Oregon State University Teacher : Jay Noller Teachers' work units and positions : Oregon State University, professor</p> <p>PM : Training Training content: Hemp processing industry of US Training place: Crop science building, Oregon State University Teacher : Jay Noller Teachers' work units and positions : Oregon State University, professor</p>	Corvallis
2019.12.14 Sta	14 th day	<p>AM : Training Training content: Review and discussion of training sessions Training place: Crop science building, Oregon State University Teacher : Jay Noller Teachers' work units and positions : Oregon State University, professor</p>	<p>Corvallis-Portland</p> 

		PM : Take bus from Corvallis to Portland airport, Take flight from Portland to Seattle, Take flight from Seattle to Beijing.	
2019.12.15 Sun	15 th day	Arrive at Beijing
